EXPERIENCE.

I work with osboha180 & I'm Responsible for programming course (front end & back-end)

I gained experience in administration and management and I was also a trainee and course administration helped me increase training, exercise, and speed in programming.

I am the team leader for all courses that require a project.

ISPM: Web site for graduation projects to King Abdallah | school

Software & Adv software: Uni-Shop app.

AI: Machine Learning.

CAL: Machine Learning With Python.

Database: Build a database for the hospital.

Java: build text editor.

System analysis & design: Product-Bank

HCI: AI-3D human-robotic arm

Project senior : smart learning

COMPETENCES

✓ Team leader for all the projects that were completed with my colleagues during the study period.

✓ Leader and trainer for programming 3 courses at Osboha 180.

✓ General responsible for foundation programming course "1" at Osboha 180 "2021".
